

Vikings

By Demi and Zukiswa

Things we learned

The Vikings came from Scandinavia.

They only ate twice a day. The

language they spoke was Old Norse.

There was a terrible disease called the

Black Death. The Black Death was over

pollution. There were no supermarkets

or shops or clothes to buy. When the

Vikings attacked some countries they

took lots of people and made them

slave.

LONGBOATS

Longboat can hold up to 60 people or sometimes less .The Vikings boat hade a figurehead. A figurehead was hanged in front of the Vikings longboat. It was usually used to scare people. At the side of the boat there were shields. The shields were made of wood and iron.

The longships were built overlapping planks of wood it was clinker built.

When there was not enough wind to push the ship they used Oars to row.
