FROM [WWW.VIKINGSFACT.COM](http://WWW.VIKINGSFACT.COM) Made by: Adam and Luke

In Viking time the cloths and water were so dirty that rats can kill people and a disease called the Black Death. The Black Death killed over 450million people.

That is a lot. The punishments were to get hanged, sent to jail, or pillory. The Vikings had long ships to get to one place to another. The Vikings lived beside the River Liffey not all of them. Houses where made with bricks and sticks. Back then there were never shops like lidl back then there were stands with food on them and swords and stuff like that. The long ships held 60 Vikings and there are shields at the side just in case they get fired at. They only ate twice a day to store food for the winter. When the children die they get barred with their favourite toy or pet. The women they get barred with their jewellery. The men gets barred with their weapon. The first place the Vikings raided was England. The Vikings owned a lot of Europe like so much. The Black Death was in Ireland for 3 years straight. The Vikings lived in Ireland and Norway. The word

Vikings means to raid in Old Norse. The Vikings started to calm down in lands out of Scandinavia. In 1066 the Vikings got led by King Harold. Norway were defeated by the king of England. They eat fish, rice. There were 8 gods Thor, Odin, Frigg, Ymir, Balder, Tyr, Bragi, and Loki. **ANCTENPAGES.COM**

They called the army The Great Heathen Army.
