

# Is Homework Necessary ?

I am writing to Ms.Doherty.

In this situation I think that homework is not necessary because it takes up to much time. In total we do 240 minutes of homework in 4 days. Homework can take up family time and after school activities. If we hadn't got in homework we could have spent that time playing with are siblings.

Certainly homework is helpful to your brain but homework can take up family time, after school activities and can cause stress. Also the teacher will have more time to spend with his or her family and the teacher's correct can up to 217 copy's every week.

Without a bout homework is not necessary.

**Hope you enjoyed.**
